

Year 6 SATs 2019 Presentation for Parents

What are the SATs?

- SATs is a term people use to refer to End of Key Stage 2 Assessments;
- It lasts for four days beginning on Monday 13th May 2019 and ending on Thursday 16th May 2019;
- Children will sit the following SATs papers:
 - Grammar, Punctuation and Spelling (Paper 1) Monday 13th May 2019;
 - Grammar, Punctuation and Spelling (Paper 2) Monday 13th May 2019;
 - Reading Tuesday 14th May 2019;
 - Maths Paper 1 (Arithmetic) Wednesday 15th May 2019;
 - Maths Paper 2 (Reasoning) Wednesday 15th May 2019;
 - Maths Paper 3 (Reasoning) Thursday 16th May 2019.
- Writing is assessed using evidence collected by your child's teacher throughout Year 6, so there is no Year 6 SATs writing test.

There will be no Science sampling for Year 6 this year. Therefore, **no Year 6 Science SATs Paper in 2019**.

^{*}The key stage 2 tests will be taken on set dates unless your child is absent, in which case they may be able to take them up to 5 school days afterwards.

When and how are the SATs carried out?

- The tests will take place during normal school hours, under exam conditions;
- Children are not allowed to talk to each other from the moment the assessments are handed out until they are collected after the test has ended;
- Afterwards, the completed papers are sent away to be marked externally;
- The children's results are sent back to school at some point in July;
- The standard timings of tests differ but last no more than 60 minutes:
 - Grammar, Punctuation and Spelling (Paper 1) 45 minutes;
 - Grammar, Punctuation and Spelling (Paper 2) 15 minutes;
 - Reading 60 minutes;
 - Maths Paper 1 (Arithmetic) 30 minutes;
 - Maths Paper 2 (Reasoning) 40 minutes;
 - Maths Paper 3 (Reasoning) 40 minutes.

Specific arrangements for SATs:

Children with additional needs, who have similar provision in their day-to-day learning at school, may be allotted specific arrangements, including:

- Additional (extra) time;
- Tests being opened early to be modified;
- An adult to read for them;
- An adult to scribe (write) for them;
- Written or spoken translations of the mathematics reasoning papers;
- The use of prompts or rest breaks;
- Arrangements for children who are ill or injured at the time of the tests.

^{*}Pupils with an EHC plan are automatically allowed up to 25% additional time (except for the spelling paper, which is not strictly timed). Pupils who use the modified large print or braille versions of the tests are automatically allowed up to 100% additional time

What sort of results are reported?

Once marked, the tests will be given the following scores:

- A raw score (the total number of marks achieved for each paper);
- A scaled score (which is explained below);
- A judgement of whether the National Standard has been met.

After marking each test, the external markers will convert each raw score into a scaled score to show whether each child is working below, at or above the national standard.

When the scaled score is given, it is given in a range from 80 to 120.

A scaled score of 100 or more is meeting the national standard.

There are no separate tests for higher achieving pupils; however, a scaled score of >110 would show that a child is working above the national standard.

Grammar, Punctuation and Spelling

Grammar, Punctuation and Spelling is made up of two papers which will take place on **Monday 13th May 2019**:

- Paper 1 is the longer paper lasting 45 minutes, children will be tested on grammar, punctuation and spelling generally;
- Paper 2 is a shorter paper lasting 15 minutes, where children will be tested
 on spelling only they are asked to fill in a blank within a sentence,
 attempting to spell out the spelling word in context correctly.

Grammar, Punctuation and Spelling (Paper 1)

Grammar, Punctuation and Spelling (Paper 1) is the longer paper lasting 45 minutes, which takes place on **Monday 13th May 2019**.

The children will be prepared by their class teacher so they are equipped with a good knowledge of the technical vocabulary needed to identify and describe various aspects of grammar and punctuation marks.

Grammar, Punctuation and Spelling (Paper 1) focuses on the following areas:

- Grammatical terms/word classes:
- Functions of sentences;
- Combining words, phrases and clauses;
- Verb forms, tenses and consistency;
- Punctuation;
- Vocabulary;
- Standard English and formality.

Grammar, Punctuation and Spelling (Paper 1) requires a range of answer types such as circling missing capital letters, multiple choice questions, one-word answers, but **does not require longer formal answers**.

Grammar, Punctuation and Spelling (Paper 1)

Tick the sentence that must end	with a question mark.	K.	
What I wanted had already sold o	Tick one.	Circle one verb in each underlined pair to complete the sentences using Standard English .	
Ask Ryan what he thinks about it		We was / were planning to hold a cake sale at school.	
What time will the film start		I was / were chosen to design the posters.	1 mark
I didn't know what to say		1 mark	
23	Draw a line to match	h each word to its correct antonym.	
	Word meandering	Antonym	
	sympathetic	unfeeling	
	plausible	straight 1 mark	

Grammar, Punctuation and Spelling (Paper 2)

Grammar, Punctuation and Spelling (Paper 2) is the shorter paper lasting 15 minutes, which takes place on **Monday 13th May 2019**.

Example questions:

19. Omar put the cutlery back in the ______.

20. Ellen's gold bracelet was her most treasured ______.

Grammar, Punctuation and Spelling (Paper 2)

Grammar, Punctuation and Spelling (Paper 2) is the shorter paper lasting 15 minutes, which takes place on **Monday 13th May 2019**.

Example questions:

19. Omar put the cutlery back in the ______.

20. Ellen's gold bracelet was her most treasured ______

Spelling 19: The word is drawer.

Omar put the cutlery back in the drawer.

The word is drawer.

Spelling 20: The word is possession.

Ellen's gold bracelet was her most treasured possession.

The word is **possession**.

The Year 6 Reading SATs paper will be sat on **Tuesday 14th May 2019**. The assessment has been designed to measure whether children's comprehension of age-appropriate reading material meets the national standard. It has a standard timing of **60 minutes**, including reading the texts and answering questions. There are three different set texts for the children to read, which could be any combination of **non-fiction**, **fiction and/or poetry**.

The Reading paper focuses on the following areas known as Content Domains:

- 2a) give/explain the meaning of words in context;
- 2b) retrieve and record information/identify key details from fiction and non-fiction;
- 2c) summarise main ideas from more than one paragraph;
- 2d) make inferences from the text/explain and justify inferences with evidence from the text;
- 2e) predict what might happen from details stated and implied;
- 2f) identify/explain how information/content is related and contributes to meaning as a whole;
- 2g) identify/explain how meaning is enhanced through choice of words and phrases;
- 2h) make comparisons within the text.

The Year 6 Reading SATs paper requires a range of answering styles, including responding to **multiple choice questions**, **one-word answers**, and multiple mark questions which require **more formal paragraph-length answers**.

Example question, based on Text 1 – *Space Tourism*:

How would you get to your space hotel?

In the future there may be hotels in space for all the tourists. It wouldn't take long for the space shuttle to get out of the Earth's atmosphere. Then, without Earth's gravity, you would become weightless. Arrival at the hotel would be like an aeroplane parking at an airport, but you would leave the cabin floating along the access tube, holding on to a cable.

2	How would you get from the spacecraft to the space hotel?	
		1 mark

2b) retrieve and record information/identify key details from fiction and non-fiction

Example question, based on Text 2 – *Giants*:

17

Gentle, and small, and frail

Which part of the snail do these words describe?

Circle the part of the snail in the picture below.

How would you like it –
Supposing that you were a snail,
And your eyes grew out on threads,
Gentle, and small, and frail –
If an enormous creature,
Reaching almost up to the distant skies,
Leaned down, and with his great finger touched
Your eyes
Just for the fun

1 mark

Example question, based on Text 3 – *The Lost World*:

I had the same feeling of mystery and danger around us. In the gloom of the trees there seemed a constant menace and as we looked up into their shady foliage, vague terrors crept into one's heart. The iguanodons we had seen were lumbering, inoffensive brutes which were unlikely to hurt anyone, but what other creatures might there not be – ready to pounce upon us from their lair among the rocks or brushwood?

36

Based on what you have read, what does the last paragraph suggest might happen to the explorers next?

Use evidence from this paragraph to support your prediction.

2 marks

Since the current testing format for the Year 6 SATs began in 2016, there has been a tendency for the number of marks to go in favour towards three particular types of content domain / questions.

For example, in 2017:

- 20% of marks could be gained by answering questions where children had to give/explain the meaning of words in context (Content Domain 2a);
- Over a quarter of marks could be gained by answering questions where children had to retrieve/record information or details from the texts (2b);
- Almost half of the marks were allotted to questions requiring children to make inferences from a text, justifying inferences with text evidence (2d).

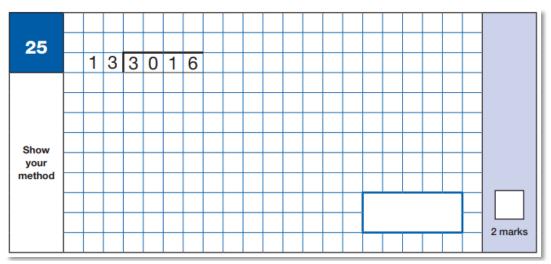

So, when reading with your child at home, try asking questions like:

- Find a word in this paragraph that is closest in meaning to 'provide word e.g. annoyed' (2a);
- In what year did 'provide fact e.g. the French authorities make it illegal for people to swim from France to England'? (2b);
- In the last paragraph, X does not want to Y.
 Give two reasons why X does not want Y. (2d)

Maths Paper 1 (Arithmetic) will take place on Wednesday 15th May 2019.

It has a standard timing of **30 minutes** and is worth a total of **40 marks**.

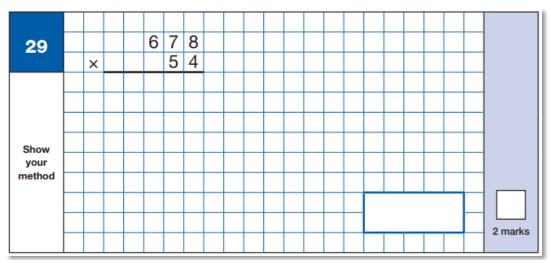

It covers the **four operations** (division, multiplication, addition, subtraction and mixed operation calculations requiring **BODMAS**), as well as **number properties**, calculating **percentages of amounts**, calculations using **decimals**, and calculations using **fractions**.

Maths Paper 1 (Arithmetic) will take place on Wednesday 15th May 2019.

It has a standard timing of **30 minutes** and is worth a total of **40 marks**.

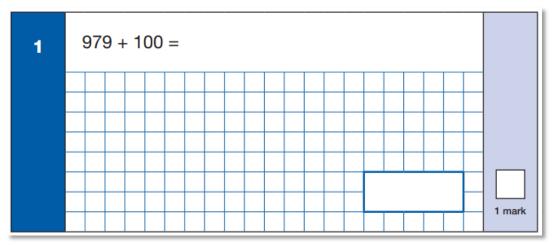

It covers the **four operations** (division, multiplication, addition, subtraction and mixed operation calculations requiring **BIDMAS**), as well as **number properties**, calculating **percentages of amounts**, calculations using **decimals**, and calculations using **fractions**.

Maths Paper 1 (Arithmetic) will take place on Wednesday 15th May 2019.

It has a standard timing of 30 minutes and is worth a total of 40 marks.

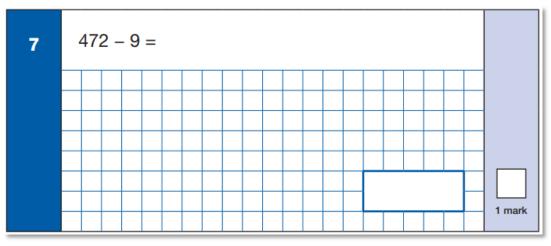

It covers the **four operations** (division, multiplication, addition, subtraction and mixed operation calculations requiring **BIDMAS**), as well as **number properties**, calculating **percentages of amounts**, calculations using **decimals**, and calculations using **fractions**.

Maths Paper 1 (Arithmetic) will take place on Wednesday 15th May 2019.

It has a standard timing of 30 minutes and is worth a total of 40 marks.

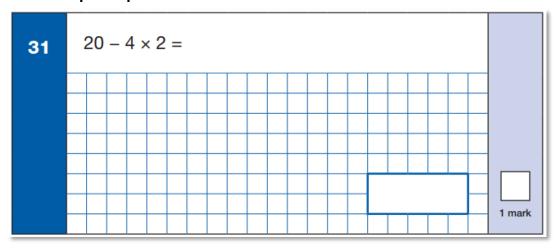

It covers the **four operations** (division, multiplication, addition, **subtraction** and mixed operation calculations requiring **BIDMAS**), as well as **number properties**, calculating **percentages of amounts**, calculations using **decimals**, and calculations using **fractions**.

Maths Paper 1 (Arithmetic) will take place on Wednesday 15th May 2019.

It has a standard timing of **30 minutes** and is worth a total of **40 marks**.

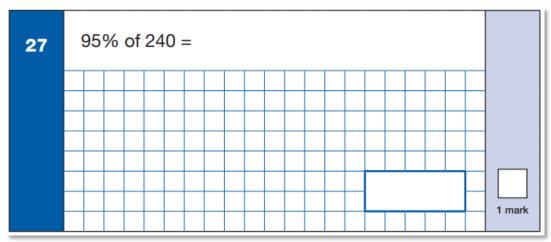

It covers the **four operations** (division, multiplication, addition, subtraction and mixed operation calculations requiring **BIDMAS**), as well as **number properties**, calculating **percentages of amounts**, calculations using **decimals**, and calculations using **fractions**.

Maths Paper 1 (Arithmetic) will take place on Wednesday 15th May 2019.

It has a standard timing of **30 minutes** and is worth a total of **40 marks**.

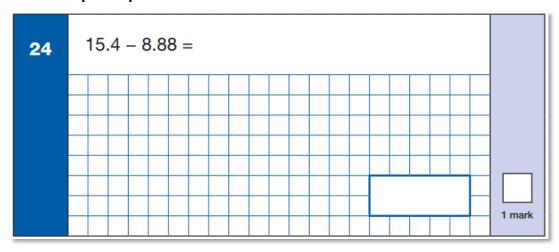

It covers the **four operations** (division, multiplication, addition, subtraction and mixed operation calculations requiring **BIDMAS**), as well as **number properties**, calculating **percentages of amounts**, calculations using **decimals**, and calculations using **fractions**.

Maths Paper 1 (Arithmetic) will take place on Wednesday 15th May 2019.

It has a standard timing of 30 minutes and is worth a total of 40 marks.

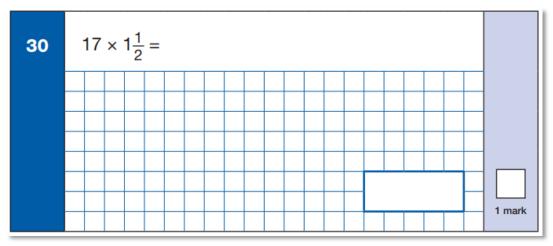

It covers the **four operations** (division, multiplication, addition, subtraction and mixed operation calculations requiring **BIDMAS**), as well as **number properties**, calculating **percentages of amounts**, calculations using **decimals**, and calculations using **fractions**.

Maths Paper 1 (Arithmetic) will take place on Wednesday 15th May 2019.

It has a standard timing of **30 minutes** and is worth a total of **40 marks**.

It covers the **four operations** (division, multiplication, addition, subtraction and mixed operation calculations requiring **BIDMAS**), as well as **number properties**, calculating **percentages of amounts**, calculations using **decimals**, and calculations using **fractions**.

Maths Papers 2 & 3 (Reasoning)

Maths Paper 2 (Reasoning) will take place on **Wednesday 15th May 2019**. Maths Paper 3 (Reasoning) is scheduled for **Thursday 16th May 2019**. Both have standard timings of **40 minutes** and are worth **35 marks** each.

Paper 2 requires children to demonstrate their mathematical knowledge and skills, as well as their ability to solve problems and their mathematical reasoning.

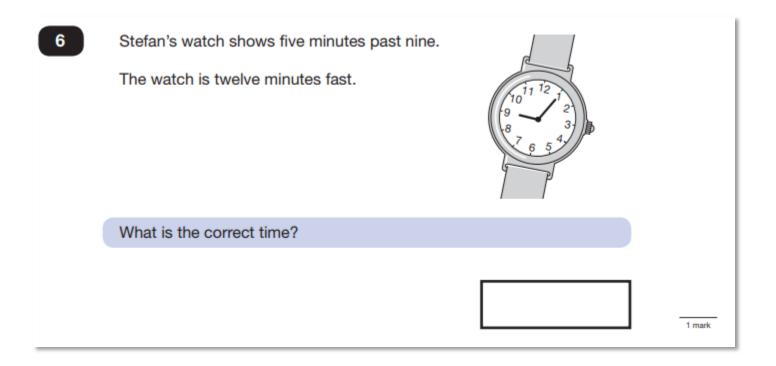

Questions focus on the following Mathematical topic areas:

- Number and place value—including Roman Numerals;
- Addition, subtraction, multiplication and division (calculations);
- Geometry properties of shapes;
- Geometry position and direction;
- Statistics;
- Measurement including length, perimeter, mass (weight), volume, time and money;
- Algebra;
- Ratio and proportion;
- Fractions, decimals and percentages.

The questions get harder throughout the paper.
It is not unusual for a child to be unable to complete the entire paper in time.

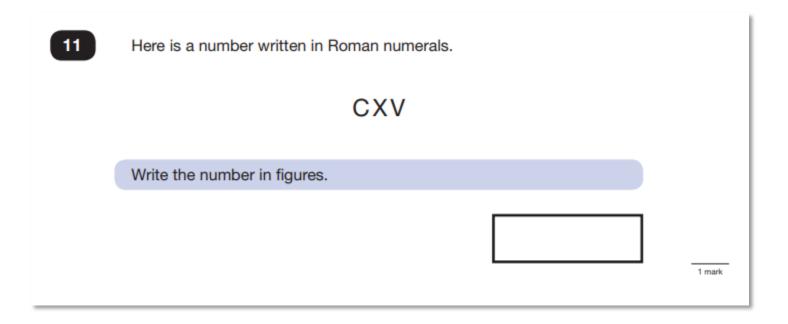

Maths Paper 2 (Reasoning)

Maths Paper 2 (Reasoning) will take place on **Wednesday 15th May 2019**. Maths Paper 3 (Reasoning) is scheduled for **Thursday 16th May 2019**. Both have standard timings of **40 minutes** and are worth **35 marks** each.

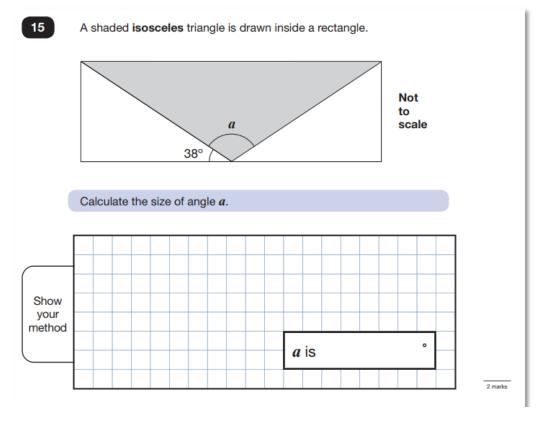

Maths Paper 2 (Reasoning)

Maths Paper 2 (Reasoning) will take place on **Wednesday 15th May 2019**. Maths Paper 3 (Reasoning) is scheduled for **Thursday 16th May 2019**. Both have standard timings of **40 minutes** and are worth **35 marks** each.

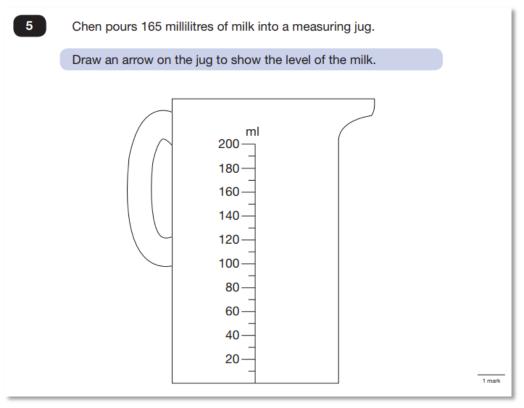

Maths Paper 2 (Reasoning)

Maths Paper 2 (Reasoning) will take place on **Wednesday 15th May 2019**. Maths Paper 3 (Reasoning) is scheduled for **Thursday 16th May 2019**. Both have standard timings of **40 minutes** and are worth **35 marks** each.

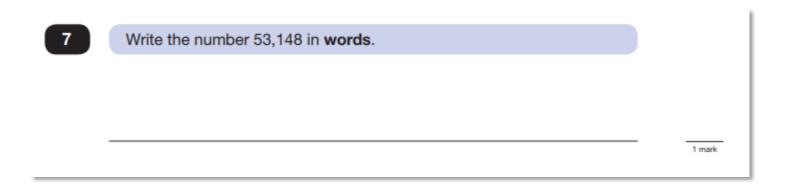

Maths Paper 3 (Reasoning)

Maths Paper 2 (Reasoning) will take place on **Wednesday 15th May 2019**. Maths Paper 3 (Reasoning) is scheduled for **Thursday 16th May 2019**. Both have standard timings of **40 minutes** and are worth **35 marks** each.

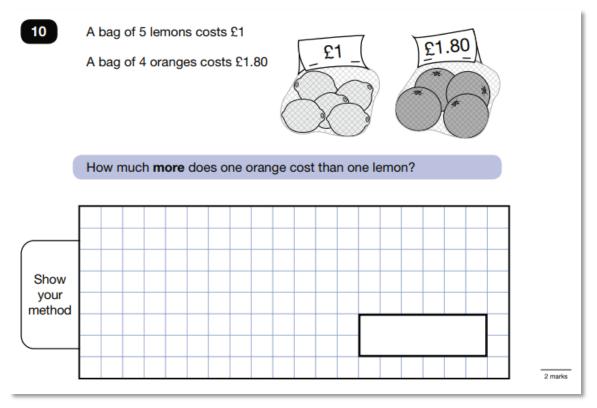

Maths Paper 3 (Reasoning)

Maths Paper 2 (Reasoning) will take place on **Wednesday 15th May 2019**. Maths Paper 3 (Reasoning) is scheduled for **Thursday 16th May 2019**. Both have standard timings of **40 minutes** and are worth **35 marks** each.

Maths Paper 3 (Reasoning)

Maths Paper 2 (Reasoning) will take place on **Wednesday 15th May 2019**. Maths Paper 3 (Reasoning) is scheduled for **Thursday 16th May 2019**. Both have standard timings of **40 minutes** and are worth **35 marks** each.

How can I support my child in preparing for their SATs?

- Past papers available online info will be given at parents' evening.
- Reading & talking about reading
- **Keep it light** practice key skills like **times tables** and **practice mental maths in real world scenarios**, like adding up prices in the shops, working out discount deals, and asking questions like, "If there are 1,300 grams of flour in this pack, what is that in kilograms?"

Remember this about SATs:

SATs focus on what they know about Maths and English

They won't reflect how talented they are at Science, Geography, Art or PE, and they certainly won't highlight positive personal characteristics such as kindness and integrity.

SATs results don't always tell the whole story

The results will say they DID or DIDN'T meet a certain standard, but not necessarily by what margin. Additionally, the thresholds tend to change each year according to overall national performance, so what was classed as 'did meet the expected standard' in 2016 may have been considered a 'did not' in 2017.
